[Your Name] [Your Address] [City, State, Zip Code]  
[Your Email Address] [Your Phone Number]

Objective: Highly skilled and motivated Full Stack Developer with a passion for creating efficient and user-friendly web applications. Possessing a strong foundation in both front and back-end programming, with experience in PHP frameworks like Laravel and Codeigniter. Dedicated to delivering high-quality solutions while meeting both technical and consumer needs.

Education: Bachelor of Science in Computer Science [University Name], [Location] [Year of Graduation]

Experience: Full Stack Developer [Company Name], [Location] [Dates of Employment]

- Developed front-end website architecture and designed user interactions on web pages.
- Created back-end website applications and implemented servers and databases for functionality.
- Ensured cross-platform optimization for mobile phones and responsiveness of applications.
- Collaborated with graphic designers for web design features and APIs.
- Managed projects from conception to final product, demonstrating strong organizational skills.
- Stayed abreast of developments in web applications and programming languages.

Skills:

- Proficient in HTML, CSS, and JavaScript.
- Experience with PHP frameworks like Laravel and Codeigniter.
- Familiarity with JavaScript frameworks such as Angular JS and React.
- Knowledgeable in database technologies including MySQL, Oracle, and MongoDB.
- Strong verbal communication skills and ability to collaborate effectively.
- Excellent problem-solving abilities and attention to detail.
